

In the Claims:

Cancel claim 1 and insert:

15. A holder for a plurality of hangers having bottoms, said holder comprising a base, first and second hanger support rods extending in a plane from spaced points on said base and adapted to support the bottoms of the hangers, means for mounting said base to a surface and means, associated with at least one of said rods, extending in a direction inclined relative to said plane, for minimizing accidental dislodgement of the hangers from said one rod, when said base is mounted on a substantially vertical surface.

add B1-7
Claims 2, 3, 5, 8, 9 and 12, line 1, delete "1" and insert:

-- 15 --.

Claims 2, 3, 9, 10 and 11 line 1, delete "retaining" and insert:

-- accidental dislodgement minimizing --.

Claims 9 and 11, line 2, delete "of" and insert:

-- associated with --.

Claim 12, line 2, delete "frame" and insert:

-- base --.

Claims 13 and 14, line 1, delete "11" and insert:

-- 12 --.

REMARKS

The suggestions regarding the specification have been noted and appropriate corrections made. Proposed revised drawings and submitted.
